Chief Su-Wohrom
David Risling of Hoopa

Chief Su-Wohrom will direct the presentation of dances, songs and traditions of Northern California Indians next Wednesday evening at the Humboldt County Fair.

TO PRESENT CEREMONIAL DANCES AT FAIR

The beautiful and ancient traditions of the Indians of Northern California and the West, in song and dance, will be authentically presented at the Humboldt County Fair at Ferndale next Wednesday evening, August 12.

The first ceremonial dances, directed by David Risling, Chief Su-Wohrom, will begin at 8 o'clock. Vivian hailstone will serve as the narrator. Tribal costumes of buckskins, sea shells, beads, eagle feathers, and hides will be worn. The show will bring history to life for the fairgoer.

While there will be the usual fifty cent admission to the fairground, admission to the grandstand for the Indian show will be free.

County Officials Debate Timber Cruise Costs vs. Tax Rate

Under continued study and debate this week by the Humboldt County Board of Supervisors and County Assessor Helge Paulson has been the question of adding $150,000 to the county budget, as the first year expenditure on a $300,000 timber cruise.

Paulson explained that a cruise of all privately owned timber would increase tax revenue to the county since it would add an estimated five billion board feet to the tax rolls. Starting in 1961, this would mean an added revenue of $225,000 annually.

The supervisors, pointing out that the $150,000 would add 10c to the tax rate, asked if the program could be whittled down. Paulson and James McCutcheon, timber appraiser, feel that if the job is to be done properly, it must be done on a continuing basis.

Mrs. Mabel Nitsche Making Recovery From Antibiotic Reaction

STILL NO VISITORS

Mrs. Mabel Nitsche of Somes Bar, who has been confined to St. Joseph's Hospital in Eureka for two weeks now, suffering from a very severe antibiotic reaction, is showing improvement daily, but is not yet permitted any visitors other than members of her immediate family.

After suffering such a prolonged and critical reaction, Mrs. Nitsche's need is to conserve her strength in order to insure her full recovery.

It is believed Mrs. Nitsche will need to be hospitalized for still another two weeks, undergoing constant treatment.

Mr. and Mrs. C. M. Bradley of Sacramento are visiting the Raymond Fullers. They are Mrs. Fuller's parents.

WASHINGTON NEWS REPORT — BUSINESS AND POLITICS

AN UNEASY ARMISTICE—
BUTLER WAVES THE FLAG—
COMMIES ENTER THE FRAY—
DEFEND BUTLER, LASH JOHNSON—

WASHINGTON, D. C. — An uneasy truce reigns today between Democratic Party Chairman Paul M. Butler and Congressman Leader Lyndon B. Johnson, Senate Majority Leader, and Sam Rayburn, House Speaker — the result of a "summit conference" of the three on Capitol Hill.

Butler, under heavy fire from all sides within the Democratic organization for his oft-repeated criticisms of the Congressional leadership of the party, apparently decided to throw in the towel and wave the white flag.

He asked for a conference with Johnson and Rayburn, and the three ironed out the differences in private —temporarily, at least — and an hour-and-a-half later advised the world that they had buried the hatchet.

All three principal parties to the public brawl said it was all a big misunderstanding, and that none of them was really trying to divide the Democratic Party.

Be that as it may, the fact that Butler sought the conference was interpreted in Washington by many veteran newspapermen as certainly not harmful to Lyndon Johnson's presidential aspiration. Had the Party Chairman not been on the losing end of the party squabble, there is little likelihood that he would have been willing to meet with Johnson and Rayburn to seek a compromise.

Perhaps it has no connection whatever, but it is interesting to note that the Butler-Johnson meeting occurred just after the Communist Worker, official organ of the Communist Party of the United States, entered the Democratic Party fray—on the side of Chairman Butler.

In an article by Arnold Johnson, appearing in the July 19th edition of the Worker, under the heading, "Dixiecrats, North Allies Gang Up On Dem Chairman," the Communists staunchly defended Chairman Butler and slap sharply at his critics.

The Worker scourged Lyndon Johnson for "linking Butler with Sen. Thurston B. Morton, Chairman of the Republican National Committee" and hit at others for demanding Butler's scalp.

"Johnson's power in the Senate was revealed by the way in which Sen. Mike Mansfield of Montana, the Democratic whip, and Sen. R. Vance Hartke, of an opposing faction in Butler's home state of Indiana, came to Johnson's defense with speeches that virtually nominated Johnson for the presidency," The Worker said.

It continued: "The surprise to many observers was the support from Sen. Stephen M. Young of Ohio and from the 91-year-old Sen. Theodore Francis Green of Rhode Island. Young put himself in support of views expressed by Dixiecrat Sen. Spessard Holland of Florida, who in turn was acting as a spokesman for John C. Davis, Democratic chairman of Dade County, Fla."

"Labor and the liberals could well have taken the Butler statement and the earlier declarations of Clark and Proxmire as occasions to make demands on Congress and the Democrats and win Congress and the Democrats and win victories on specific issues," The Worker said. "But they allowed the Dixiecrats with Johnson and Rayburn to hold the initiative."

"That Senators Theodore Francis Green or Stephen Young did not rise to denounce this Dixiecrat trickery to rob the 1960 election instead of slapping Butler is shameful," the Communist organ said.

Assessed Property Value Up Over 5% Paulson Reports Gain

According to figures released by the State Board of Equalization, the value of all locally assessed property throughout the state has increased more than five per cent over last year. Some counties showed increases of 10 to 19 per cent.

Helge Paulson, Humboldt County Assessor, reported a gain of four and a half million dollars in assessed value on secured property, and indications are than unsecured assessments will reflect an increase of about two million dollars when final figures are in. The total will amount to approximately 5 per cent over last year.

Although Humboldt county is consistently carrying on a re-appraisal of property subject to change in value, the big gain in the secured roll is due to the new construction of industrial plants, commercial buildings and homes.

The gain in the unsecured roll is due to the concentrated efforts of the Assessor's office in locating and assessing all personal property, inventories, livestock, and equipment, subject to taxation, that is not on the secured roll.

With the prospect of more big industry coming into the county, it is imperative that a healthy tax climate be maintained. A fair and equitable distribution of the tax load will prove of benefit to all taxpayers.

SIX RIVERS LOGGERS "HOOT OWLING"

Because of the very high to extreme burning conditions on the Six Rivers national forest nearly all logging operations have gone to "Hoot Owl" shifts voluntarily, reports District Ranger Douglas Leisz of Trinity District at Salyer. Crews are in the woods at daylight and have their work in during the cooler part of the day while burning conditions are less severe. During the afternoons after operations cease company men patrol their logging operation for possible fires that may have started. Bulldozers are ready to go should any fire start.

Until cool air reduces the fire danger, loggers have indicated their willingness to prevent forest fires by "Hoot Owling" and patroling their logging operation constantly thru the day. Any loggers not taking such precautions in the woods are urged to do so.

CONSTRUCTION PERMITS

Lester R. Moore, Superintendent of Public Works, reports that city building permits issued for new construction and remodeling from January 1 to August 1 totaled $44,980.00.

A WINNER

Mrs. Pansy Walton is the proud possessor of a $14.00 award from the California State Bowling Tournament officials for the meeting held in Oxnard in May, when some 4,000 to 5,000 women bowlers competed. Pansy tied for the women's singles in 96th place.

Jack Howard, Jr. Saved By Three Fieldbrook Boys

The determined rescue of Jack Howard, Jr., 14, whose head and chest were pinned beneath his horse when it fell into a deep ditch, was lauded by the youth's parents after he was freed Wednesday. Credit for the act was given Larry Ashcom, William Cargill and Douglas Smith, of Fieldbrook. Adults said later the boys exerted incredible strength for upwards of half an hour before being able to free the trapped and injured victim.

The three tugged on the horse's tail and legs until they managed to raise the animal's haunches off the Howard boy sufficiently to drag him clear. All were kicked several times during the rescue.

The horse was freed later by the adult party headed by a deputy sheriff and composed of neighbors and several teenage youths who dug away part of the embankment and piled heavy brush in the ditch to make a runway.

Dr. Homer Balabanis To Speak Here Sunday

Dr. Homer Balabanis, Dean of Instruction at Humboldt State College, will address the congregation of the First Presbyterian Church this Sunday, August 9, at 10:40 a. m. His subject will be "The Last Gift of Jesus".

An Elder of the Church, Clyde Patenaude, will conduct the Worship Service, and the Summer Choir, conducted by Mrs. Dorothy Jackson, will sing "Beautiful Savior".

All members and non-members are invited to attend.

Drive carefully!

Eight Receive NRA Hunter Safety Course Certificates Here

Eight Blue Lake and Korbel boys have completed the National Rifle Association Safety Course given here under the personal direction of Chief of Police Charles W. Russell.

The course of instruction calls for written and oral tests, and qualifying experience in handling a gun. This year the new pistol range, developed by the Blue Lake Peace Officers' Association, was used for this purpose.

Those receiving certificates were: Dennis Stayton, Korbel, Eugene Hooven, Danny Manning, Art Mamsey, Felix Hooven, Dennis Lesh, Dan Lesh, and Lennie Cade, all of Blue Lake.

TEST WELL

The test well on the Ellis Kite property for the city's Water Department is expected to be completed today, with samples of water to be tested for quality.

Three Blue Lake boys, Robert Patenaude, Nils Johnson and Alvin Spears, are among 53 students from Northern California attending the National Foundation work shop being held at Humboldt State College from August 3 to August 28. They are studying Chemistry and Physics and have been recommended by their High School Teachers for extended studies completing one year Mathematics and must be in the upper quarter of their class scholastically to qualify. All students are now living at Nelson Hall in Arcata for this period.

WILDFIRE BOX SCORE

FOR THE WEEK ENDING AUGUST 2, 1959

Number of forest fires for the week — 9
Area burned for the week — 1277
Number of forest fires this year — 68
Acreage burned this year — 5092

Totals for Humboldt County Ranger Unit of the California Division of Forestry, which includes watershed, timber and range lands within Humboldt, Del Norte and western Trinity counties.

COMMENTS: As this week ended, crews were completing mop-up on the 3 major fires and smaller ones that occurred during this period.

AUHS TAX RATE LOWERED 16c FOR 1959-60 TO $1.08

Taxpayers of the Arcata Union High School District will be pleased with the action of the School Board this week in lowering the school district tax rate from $1.244 to approximately $1.08, down 16¢, for this year, 1959-60.

Reasons given by the school board for this action is that the assessed valuation of the district is up approximately $1,000,000, about half of which is industrial development, and half in small properties. Also, a balance has been accummulated for the past several years, making it possible to operate this year at the lower tax rate.

However, the board noted that the higher tax rate may have to be resumed again for the next tax year.

Total budget for the operation of the Arcata Union High School as approved by the board amounted to $1,118,544.56, including total expenditures and the necessary reserve fund.

In other actions, the school board voted to sell the new school bonds, hired five teachers and one part-time teacher, leaving one teaching position in the mathematics department still unfilled.

Two Pioneer Paper Companies Merge — Simpson And Lee

Plans for merging two of the nation's pioneer paper manufacturing firms—Simpson Paper Company of Everett, Washington, and Lee Paper Company of Vicksburg, Michigan, were announced today by Thos F. Gleed, president of the Simpson Timber Company, and Maxwell D. Bardeen, president of Lee Paper Company.

Simpson Paper Company is a wholly-owned subsidiary of Simpson Timber Company, which operates timber lands and forest products manufacturing plants in Washington, Oregon, and California.

Bardeen said Lee shareholders will vote later this month on the proposed merger, establishing a new Washington corporation to be called Simpson Lee Paper Company.

Directors of the new company will include W. G. Reed, Seattle, chairman of Simpson Timber Company; T. F. Gleed, Seattle, president of Simpson Timber Company; C. H. Bacon, Jr., Seattle, executive vice president of Simpson Timber Company; C. H. Kreienbaum, Seattle, vice chairman, Simpson Timber Company; Maxwell D. Bardeen, Kalamazoo, vice president and sales manager of Lee Paper Company; Merrill W. Taylor, Kalamazoo, chairman of the First National Bank and Trust Company of Kalamazoo, and John C. Howard, Kalamazoo attorney.

Maxwell Bardeen will be president of Simpson Lee Paper Company. Vice-presidents will include Don F. McCall of Everett, Norman Bardeen, and Albert A. Christian of Vicksburg. Christian also will serve as secretary, and Kenneth A. Warren, Kalamazoo, now Lee Paper Company treasurer, will become Simpson Lee treasurer.

Selection of executive headquarters for the new company will be made later.

Simpson Paper Company plant at Everett was founded in 1891 and operated as Everett Pulp and Paper Company until it was acquired by Simpson in 1951. The modernized Everett mill employs more than 1,000 people in pulp, paper, and converting operations. A branch converting plant was founded in Los Angeles several months ago.

Lee Paper Company was founded at Vicksburg, Michigan, 15 miles from Kalamazoo in 1904, and its fine paper products are sold nationally. The Lee plant employs 350 people.

Strengthened management in paper manufacturing and expanded product linces for Simpson and Lee customers are to be major benefits of the merger, Bardeen said.

HSC FOOTBALL SEASON AHEAD!

The 1959 Humboldt State College Football Season Tickets are now on sale! Here in Blue Lake, Kenneth Pease has a section of tickets for sale, between the 40 and 50 yard line, ideally located in the top rows. Coach Phil Sarboe promises a tough season ahead, so if you want good seats to watch the home games, this is your opportunity.
